

# FALLING LEAVES

## OVERVIEW

The Falling leaves module adds 6 leaf tokens which will let you earn further victory points getting leaf cards majorities.

## CONTENTS

- 6 leaf tokens.

## SET-UP

Place the leaf tokens related to the leaf types used in the current game in the middle of the table within everyone's reach.

## GAMEPLAY

Play the game as usual with the following additional rule.

## NEW MAIN ACTION

If you have the highest visible number on a certain pile in your personal area (at least a “1”), take the corresponding leaf token from the middle of the table or take it from the player currently owning it, then:

- If you took the leaf token from the middle of the table, you may additionally refresh 1 landscape ability in your personal area. Remove the acorn token placed on any ability in your personal area making it available again. Place the removed acorn token in your personal stock.
- If you took the leaf token from another player, nothing happens.

## **FINAL SCORING**

At the end of the game, each leaf token in your personal area is worth 5 victory points.
