

MORNING DEW

OVERVIEW

You can play Momiji using the morning dew leaf cards to play up to 5 players or to collect leaves in a slightly different way. Blue leaf cards can be collected in their own pile in your personal area or they can be played as jokers.

CONTENTS

- 14 new leaf cards, including these values:
0, *0*, *0, 0*, *1*, *1, 1*, *2, 2*, 2, 3, 3, 4, 4;
- 1 blue leaf token.

SET-UP

With 2/3/4/5 players you must play respectively with 4/5/6/7 leaf types including the blue leaf cards.

Place the blue leaf token in the middle of the table.

GAMEPLAY

Play the game as usual with the following changes:

1. Blue leaf cards can be collected exactly like all the other leaf cards types (in their own pile in your personal area).
2. A blue leaf card can be used as a joker: play it on the top of a pile of any colour in your personal area or play any colour leaf card on a blue leaf card, according to the base game rules (same number or immediately following number). If you use a blue leaf card as a joker, take the blue leaf token.
3. At the end of your “play leaf cards” action, you cannot have two or more cards of the same colour visible on the top of your piles (according to the normal rules);
4. You can never play a blue leaf card on a closed pile (showing the torii symbol). Moreover you can never play a leaf card on a blue card showing the torii symbol.

FINAL SCORING

- Players get victory points according to the normal rules.
- At the end of the game, the player owning the blue leaf token loses 3 victory points.
